- (j) Rules for construction activities, as well as maintaining construction sites and adjacent areas.

5.2 Purpose and General Authority. The DRC shall review, study and either approve or reject proposed Improvements, including landscaping, on the Property, all in compliance with this Declaration and as further set forth in the Guidelines and such Rules and Regulations as the District may establish from time to time to govern its proceedings. No Improvement shall be erected, placed, reconstructed, replaced, repaired or otherwise altered, nor shall any construction, repair or reconstruction be commenced until plans for the Improvements shall have been approved by the DRC; provided, however, that Improvements that are completely within, and not visible from the outside of, a building may be undertaken without such approval. All Improvements shall be constructed only in accordance with plans therefor approved by the DRC. In addition to reviewing and approving plans for Improvements, the DRC may review applications from Owners regarding proposed variances from the Restrictions or the Guidelines and approve or disapprove the same.

5.3 Approval of Improvements Required. Except as may be otherwise set forth in a Supplemental Declaration, the approval of the DRC shall be required for any Improvement on any Lot except where prior approval of an Improvement on a Lot has been waived by the DRC or certain Improvements have been exempted in writing by the DRC or specifically exempted in the Guidelines. The foregoing notwithstanding, the approval of the DRC shall not be required for any Improvement made by the Declarant, or for any Improvement made by a Builder, the plans for which have been approved by the Declarant in writing.

5.4 Improvement Defined. An Improvement requiring approval of the DRC means and includes, without limitation: (a) the construction, installation, erection, or expansion of any building, structure, or other Improvement, including utility facilities and fences; (b) the demolition or destruction, by voluntary action, of any building, structure, or other Improvement; (c) the grading, excavation, filling, or similar disturbance to the surface of the land including, without limitation, change of grade, change of ground level, change of drainage pattern, or change of stream bed; (d) installation of landscaping on a Lot or replacement of more than five percent (5%) of the total organic landscaped area on a Lot with non-organic landscape materials; (e) any change or alteration of any previously approved Improvement, including any change of exterior appearance, color or texture; and including any of the Improvements as defined in Section 1.17.

5.5 Submission of Plans. Prior to commencement of work to accomplish any proposed Improvement requiring DRC approval, including landscaping, to a Lot, the Owner proposing to make such Improvement (the "**Applicant**") shall submit to the DRC at its offices or at such place as it may designate for such purpose such descriptions, sketches, surveys, plot plans, drainage plans, elevation drawings, construction plans, specifications and samples of materials and colors as the DRC reasonably shall request showing the nature, kind, shape, height, width, color, materials and location of the proposed Improvement. The DRC may require submission of additional plans, specifications or other information prior to approving or disapproving the proposed Improvement. Until receipt by the DRC of all required design review fees and materials in connection with the proposed Improvement, the DRC may postpone review of any materials submitted for approval.

5.6 DRC Approval. The DRC, by majority vote, shall approve plans and specifications submitted to it only if it determines that the construction, alteration and additions contemplated thereby, and in the location as indicated, will comply with this Declaration, the applicable Supplemental Declaration, and the Guidelines, and will serve to preserve and/or enhance the values of the Lots within the Property and will maintain a harmonious relationship among structures, vegetation, topography and the overall design of the Property. All plans and specifications submitted to the DRC shall be drawn to scale and include such detail necessary for the DRC to make an informed review of such plans and specifications. The DRC may reject any plans and specifications it deems to be insufficient, in its sole and absolute discretion. The DRC may condition its approval of plans and specifications for improvements on such changes therein as it deems appropriate and may require submission of additional plans and specifications or other information prior to approving or disapproving the material submitted. The DRC shall consider the proposed quality of workmanship, type of materials and harmony of exterior design with other

portions of the Property. No building, other structure or landscaping shall be erected or allowed to remain on any Lot which violates this Declaration. The issuance of a building permit by the County or other governmental authority having jurisdiction over the Property shall not prevent or prohibit the DRC from enforcing the terms and provisions of this Declaration. Furthermore, any approval granted shall not be considered a permit to build under applicable governmental regulations. Compliance with the provisions of Article 5 hereof is not a substitute for compliance with the County and other governmental building, zoning and subdivision regulations and other Applicable Laws, and each Owner is responsible for obtaining all approvals, licenses and permits as may be required prior to commencing construction of improvements. Furthermore, DRC approval does not approve or guarantee engineering design or compliance with Applicable Laws and does not constitute any representation by the DRC as to such matters. The Owner is solely responsible for all such compliance. By approving plans and specifications, neither the DRC, its members, the Metropolitan District, nor the Declarant assumes any liability or responsibility for engineering design, construction, valuation, or that the approved plans and specifications will maintain a harmonious relationship among structures, vegetation, topography or the overall design of the Property, or be in compliance with Applicable Laws.

5.7 Failure of DRC to Act on Plans. Any request for approval of a proposed Improvement shall be deemed disapproved, unless written approval is transmitted to the Applicant by the DRC within sixty (60) days after the date of receipt by the DRC of all required fees and materials. If additional fees, information, or materials are requested by the DRC, the sixty-day time period within which the DRC is required to make its decision shall be automatically extended to sixty (60) days after the DRC receives the requested fees, information, or materials.

5.8 Prosecution of Work After Approval. After approval of any proposed Improvement by the DRC, the proposed Improvement shall be accomplished as promptly and diligently as possible and in complete conformity with the description of the proposed Improvement, any materials submitted to the DRC in connection with the proposed Improvement, and any conditions imposed by the DRC. Failure (a) to complete the proposed Improvement within twelve (12) months after the date of approval or such other period or extension of the initial twelve-month period as specified in the Guidelines or in writing by the DRC, or (b) to complete the Improvement in accordance with the description and materials furnished to, and the conditions imposed by, the DRC, shall constitute noncompliance with the requirements for approval of the Improvement.

5.9 Notice of Completion. Upon completion of any Improvement, the Applicant shall submit a written notice of completion to the DRC requesting final approval of the Improvement. No Owner or Builder shall seek a certificate of occupancy for any Improvement until receipt of final approval from the DRC.

5.10 Inspection of the Work. Any member or authorized agent or consultant of the District or the DRC may enter upon any Lot at any reasonable time after notice to the Owner as set forth in Section 12.2, without being deemed guilty of trespass, in order to inspect any Improvement on a Lot prior to or after completion in order to determine whether or not the Improvement is being completed or has been completed in compliance with the approval granted pursuant to Section 5.6. Failure of the DRC to inspect the work shall not relieve the Applicant

from its obligations to comply with this Declaration or all conditions of approval or prevent the District or the DRC from pursuing all remedies available to it in the event of any Violation.

5.11 Discretion and Variances. The DRC may, but is under no obligation to, authorize variances from compliance with any of the provisions of the Restrictions and the Guidelines, including restrictions on height, size, floor area, or placement of structures or similar restrictions, taking into account circumstances such as topography, natural obstructions, hardship, or aesthetic or environmental considerations. Such variances must be in writing and shall become effective only when signed by at least a majority of the DRC. If any such variance is granted, no Violation of the provisions of the Restrictions or the Guidelines shall be deemed to have occurred with respect to the matter for which the variance is granted. However, the granting of a variance shall not affect in any way the Owner's obligation to comply with any conditions imposed by the DRC in granting the variance.

5.12 No Implied Waiver or Estoppel. No action or failure to act by the DRC, including the granting of a variance, shall constitute a waiver or estoppel with respect to future action by the DRC with respect to any matter covered by this Declaration. Specifically, the approval by the DRC of any Improvement or granting of a variance shall not be deemed a waiver of any right or an estoppel to withhold approval or consent for any similar Improvement on the same Lot or any other Lots or any similar proposals, plans, specifications, or other materials submitted with respect to any other Improvement on the same Lot or any other Lot.

5.13 Changes to Approved Plans. Any and all changes or alterations whatsoever to plans previously approved by the DRC must be reviewed and approved by the DRC.

5.14 Binding Effect. The actions of the DRC in the exercise of its discretion by its approval or disapproval of plans and other information submitted to it, or with respect to any other matter before it, shall be conclusive and binding on all interested parties.

5.15 Fees and Expenses. Except as provided in the next sentence, all expenses of the DRC shall be paid by the District with revenues derived from the portion of the Property within which the DRC's services are performed. The District shall have the right to charge fees and deposits for each application submitted to the DRC for review, in an amount which may be established by the District from time to time, and such fees shall be collected by the District to recover the fair and reasonable costs of such service as is directly related to such application.

5.16 Limitation of Liability. Neither the Declarant, the Metropolitan District, the DRC, the CEC, any Builder, nor any member, director, officer, agent, representative, employee, or contractor of any of the same (the "**Released Parties**") shall be liable to any person for any official act of the DRC in connection with submitted plans and specifications, except to the extent the DRC or any individual DRC member acted willfully in bad faith. In reviewing or approving any matter, the Released Parties are not responsible for any issue related to the Improvements, whether structural or otherwise, and whether submitted for review or otherwise. The Released Parties are not responsible for any matter related to safety. The Released Parties are not responsible for the conformance of Improvements with Applicable Law or compliance with any other standard or

regulation, and any approval (which may be with conditions and/or requirements) of any Improvement by the DRC will not be deemed an approval of any such matters, will not be deemed to represent that the Improvement conforms to Applicable Law or complies with any other standards or regulations, and will not constitute a warranty by the DRC to any Owner of the adequacy of design, workmanship or quality of such work or materials for any Owner's intended use. The DRC will not make any investigation into title, ownership, easements, rights-of-way, or other rights appurtenant to property with respect to architectural requests and shall not be liable for any disputes relating to the same. No Owner or other Person is a third-party beneficiary of any obligation imposed upon, rights accorded to, action taken by, or approval granted by, the Released Parties. Each Owner (i) waives and releases the Released Parties from all claims related to approval or disapproval of any Improvements and (ii) waives and releases all claims against the Released Parties. The foregoing release and waiver is made by each Owner to the fullest extent permitted by the law and for and on behalf of itself, its assigns, executors, heirs, occupants, personal representatives, representatives, and successors. The DRC members, acting in that capacity, shall not be liable for any mistake of judgment, negligence or otherwise, except for their own individual willful misconduct or bad faith. The DRC members, acting in that capacity, have no personal liability with respect to any contract or other commitment made or action taken on behalf of the DRC.

ARTICLE 6 COVENANT ENFORCEMENT

6.1 Enforcement, Generally. Enforcement of any provision of this Declaration, the Guidelines, and any Rules and Regulations shall be by appropriate proceedings at law or in equity against those Persons violating or attempting to violate any such provision. Such proceedings may be for the purpose of removing a Violation, restraining or enjoining a future Violation, recovering damages for any Violation, foreclosing a lien, obtaining such other and further relief as may be available, or any combination thereof. Subject to the provisions of this Declaration, such proceedings may be instituted by the Declarant or the Metropolitan District. In any such proceedings the prevailing party shall recover the costs and reasonable attorneys' fees incurred by such party in connection with such proceedings. The failure to enforce any provision of this Declaration, the Guidelines, and the Rules and Regulations shall not preclude or prevent the enforcement thereof for a further or continued Violation, whether such Violation shall be of the same or of a different provision. No breach of any of the covenants, conditions and restrictions herein contained, nor the enforcement of any lien provisions herein, shall render invalid a lien of any First Mortgage on any part of the Property, but all of said covenants, conditions and restrictions shall be binding upon and effective against any Owner whose title is derived through foreclosure or trustee's sale, or otherwise.

6.2 Committee. The District may establish a CEC. If established, the CEC shall be composed of not less than one (1) nor more than five (5) Persons appointed, removed and replaced by the District in its sole discretion. The CEC, if any, shall be responsible for the ministerial administration and enforcement of the Restrictions and shall have the right to: (a) accept complaints for Violations of the Restrictions; (b) submit complaints regarding Violations of the Restrictions; (c) inspect the Property for Violations of the Restrictions; (d) issue various notices to

Owners regarding the Restrictions; and (e) provide all ministerial administration and enforcement of the Restrictions as permitted by this Declaration.

6.3 Purpose and General Authority. The District or the CEC, if any, shall review all complaints and notifications provided by the Declarant, an Owner or resident, or a Neighborhood Association regarding any alleged Violation; provided however the District or the CEC, if any, also shall have the right to make an investigation on its own regarding potential Violations. The District or the CEC, if any, shall have the authority to determine whether a Violation has occurred, and upon such determination, may issue to an Owner a Notice of Violation identifying the particular circumstances or conditions of the Violation and requiring the Owner to take such action as may be necessary to correct, remedy or otherwise remove the Violation, including the time period in which the Violation is to be remedied.

6.4 Fees and Expenses. All expenses of the District or the CEC, if any, shall be paid by the District with revenues derived from that portion of the Property with respect to which the Metropolitan District's or the CEC's, if any, services are required or performed. The District shall have the right to charge fees for inspections and Fines for costs of enforcement of the Restrictions and the costs incurred to correct, remedy or otherwise remedy Violations from the subject Owner, in amounts which may be established by the District from time to time, and such fees and Fines shall be collected by the District and can be used to help defray the expenses of the CEC's operation.

6.5 General Inspections; Notice and Hearing Procedures; Remedies.

(a) General Inspection. Upon receipt of a complaint of an alleged Violation or otherwise, any member or authorized agent or consultant of the CEC, or any authorized officer, director, employee or agent of the responsible District may enter upon any Lot at any reasonable time after notice to the Owner as provided in Section 12.2, without being deemed guilty of trespass, in order to investigate or inspect any portion of the Property for alleged Violations of the Restrictions.

(b) Notice of Violation. Where such investigation or inspection reveals a Violation exists, the District or CEC, if any, may send a Notice of Violation to the Owner of such Lot identifying the particular circumstances or conditions of the Violation and requiring the Owner to take such action as may be necessary to correct, remedy, or otherwise remove the Violation, including the time period in which the Violation is to be remedied.

(c) Remedies. If an Owner fails to remedy the Violation within the time period specified in the Notice of Violation, the District shall have all remedies available to it at law or in equity, including without limitation the following remedies:

(i) The District may Record a Notice of Violation against the Lot on which the Violation exists;

(ii) The District shall have the right to remove, correct or otherwise remedy any Violation in any manner the District deems appropriate, and the District shall be entitled to recover all costs associated with the same;

(iii) The District may file an action for injunctive relief to cause an existing Violation to be brought into compliance with the Declaration, the Guidelines and/or any Rules and Regulations and the Metropolitan shall be entitled to recover all costs and attorney's fees associated with bringing the action.

(iv) The Metropolitan may levy reasonable Fines for such Violation, after giving the Owner reasonable notice the opportunity for a hearing.

(v) The District shall be entitled to collect, and shall have a lien pursuant to § 32-1-1001(1)(j)(I), C.R.S. against the Lot subject to the Violation to secure, (1) payment for reimbursement by the violating Owner for any remedial work performed by the District required to remove, correct or otherwise remedy the Violation, (2) payment for expenses incurred in obtaining injunctive relief, including costs and attorney's fees, (3) payment of any Fines levied by the District against such Lot, plus the following amounts, to the extent not inconsistent with Applicable Laws: (4) interest on such amount at a rate equal to eighteen percent (18%), and (5) all costs and expenses of collecting the unpaid amount, including reasonable attorneys' fees.

(d) Deemed Nuisances. Every Violation is hereby declared to be and to constitute a nuisance, and every remedy allowed for such Violation at law, in equity or under the Restrictions against the violating Owner shall be applicable.

(e) Rights of the Metropolitan District. The rights of the District to remove, correct or otherwise remedy any Violation shall be in addition to all other rights and remedies which the District may have at law, in equity or under the Restrictions.

ARTICLE 7 USE RESTRICTIONS

7.1 Residential Use of Lots. Subject to the provisions of Sections 7.2 and 9.1(d), each Lot, after construction, shall only be used as a Residence and for appurtenant uses which are customarily incident thereto. No business or commercial use or any other non-residential use may be conducted on any part of a Lot, except as provided in Sections 7.2 and Article 9.

7.2 Home Occupations. The conduct of a home occupation within a Residence shall be considered accessory to the Residential Use of the Lot and shall not be deemed a Violation of this Declaration, provided that the following requirements are met:

(a) Such home occupation shall be conducted only within the interior of the Residence and shall be clearly secondary to the Residential Use of the Lot.

(b) The home occupation shall be conducted only by residents of the Residence and no non-residents shall be employed in connection with the home occupation carried on in the Residence.

(c) The home occupation does not result in undue volume of traffic or parking at or near the Residence.

(d) There shall be no evidence of a home occupation detectable from the outside of the Residence by sight, sound, smell or otherwise.

(e) The conduct of such home occupation must be permitted under the zoning ordinances of the County and all other Applicable Laws.

(f) No commercial deliveries for such home occupation shall be allowed other than occasional mail service deliveries.

A child daycare facility within a Residence does not comply with the above requirements but may nevertheless be allowed in limited circumstances if a variance for such use is considered advisable by the District (as determined in its sole discretion), and if such variance is granted in writing by the District and is otherwise allowed under Applicable Laws.

7.3 Damage or Destruction. In the event any Residence or other Improvement constructed on a Lot is damaged, either in whole or in part, by fire or other casualty, such Residence or other Improvement shall be promptly rebuilt, repaired or remodeled to comply with this Declaration. In the alternative, if a damaged Residence or other Improvement is not to be rebuilt, repaired or remodeled, all remaining portions of the damaged Residence or Improvement, including the foundation and all debris, shall be promptly removed from the Lot, and the Lot shall be restored to its natural condition existing prior to the construction of the Residence or other Improvement.

7.4 Vehicular Parking, Storage and Repairs.

(a) General. Except for parking on the public streets, which shall be controlled by the governmental entity to which the same have been dedicated and which has jurisdiction over the same, parking within the Property shall be regulated by the District. Garages on the Lots must be used for parking of vehicles and may not be used for storage or other uses that prevents the parking of vehicles in the garage.

(b) Recreational and Commercial Vehicles. The following (as may be further defined in the Rules and Regulations) may not be parked or stored on a Lot unless such parking or storage is within a garage on a Lot, or unless authorized in writing by the District: oversized vehicles, commercial vehicles, trailers, camping trailers, boat trailers, hauling trailers, boats or accessories thereto, self-contained motorized recreational vehicles, or other oversized types of vehicles or equipment as prohibited by the Rules and Regulations. The foregoing may be parked as a temporary expedience (no longer than 48 hours) for loading or delivery of goods or services.

This restriction shall not apply to trucks or other commercial vehicles temporarily located within the Property which are necessary for construction or for the maintenance of any property owned and/or maintained by the District or the Lots, or any Improvement located thereon.

(c) Storage. No abandoned or inoperable automobiles or vehicles of any kind shall be stored or parked on a Lot unless parked or stored within a garage. An "abandoned or inoperable vehicle" shall be defined as any vehicle which has not been driven under its own propulsion for a period of 72 hours or more.

(d) Repair Work. No activity such as, but not limited to, maintenance (other than washing and polishing and activities normally incident thereto), repair, rebuilding, dismantling, repainting, or servicing of any kind of vehicles, trailers, or boats, may be performed on any Lot unless it is done within a fully enclosed garage or other building which screens the sight and sound of the activity from the street and from adjoining Lots, nor shall any such activity be performed upon a street adjacent to a Lot.

(e) Violations. In the event the District or the CEC, if any, shall determine that a vehicle is being parked, stored or repaired in violation of Subsections 7.4(a), (b) or (c) hereof, then a written notice describing such infraction may be personally delivered to the owner thereof (if such owner can be reasonably ascertained) or shall be conspicuously placed upon the vehicle (if the owner thereof cannot be reasonably ascertained), and if the vehicle is not removed within a reasonable time thereafter, as determined by the District or the CEC, if any, in its discretion from time to time, the District shall have the right to remove the vehicle at the sole expense of the owner thereof

7.5 Pets. No animals, including, but not limited to, livestock, or reptiles shall be raised, bred, or kept within a Lot except as hereinafter provided. A reasonable number of cats, dogs, birds or other common household pets may be kept on a Lot, provided that (a) they are not kept, bred, or maintained for any commercial purposes; (b) in the Metropolitan District's CEC's, if any, opinion, they do not make objectionable noises or otherwise constitute an unreasonable nuisance to other Owners; (c) they are kept within an enclosed yard on a Lot occupied by the owner of such pets or on a leash being held by a person capable of controlling the animal; (d) the owner of the pet properly disposes of all pet waste; and (e) the owner of the pet shall be financially responsible and liable for any damage caused by such pets. A "reasonable number" as used in this Section 7.5 shall mean not more than four (4) pets consisting of not more than two (2) dogs, not more than two (2) cats, or any combination of other common household pets (for a total of four (4) pets) per Lot, provided, however, that any Neighborhood Association in a Supplemental Declaration may, from time to time, determine that a reasonable number in any instance may be more or less than the above number. The District shall have the right to prohibit any animal which, in the sole opinion of the District or the CEC, if any, is not being kept in accordance with the restrictions contained herein. The District may adopt and enforce additional rules and regulations governing the subject of pets within the Property.

7.6 Nuisance and Waste. No noxious or offensive activity shall be permitted in or on any Lot nor shall anything be done therein which may be or become an annoyance, disturbance or nuisance to any other Owner or resident. No waste shall be committed on any Lot.

7.7 Annoying Light, Sound or Odors. No light shall be emitted from any Lot which is unreasonably bright or causes unreasonable glare; no sound shall be emitted on any Lot which is unreasonably loud or annoying; and no odor shall be emitted on any Lot which is noxious or offensive.

7.8 Unsightliness. No unsightly conditions, structures, facilities, equipment or objects shall be permitted to remain on any Lot if they are visible from adjoining property or public or private thoroughfares. Without limiting the generality of the foregoing, service areas, storage areas and compost piles shall be appropriately screened from view and no clotheslines shall be permitted on any Lot. No lumber, grass, plant waste, shrub or tree clippings, metals, bulk materials, scrap, refuse or trash shall be kept stored or allowed to accumulate on any Lot except within an enclosed structure or appropriately screened from view.

7.9 Trash Disposal. No trash, garbage, refuse, rubbish, or cuttings shall be deposited on any street, or on any Lot unless placed in a container suitably located, solely for the purpose of garbage pickup and screened from view. All equipment for the storage or disposal of such materials shall be kept in clean and sanitary condition. The District may provide, or may contract for the provision of, trash disposal services and, if so, Lot Owners will not enter into private contracts for trash disposal services. In order to minimize unsightliness, the District shall have the right to restrict the placement of trash receptacles outside for collection on any day other than the actual day for trash collection.

7.10 Restrictions on Temporary Structures. Except as hereinafter provided, no structure of a temporary character, including, but not limited to, a house trailer, tent, shack, storage shed, or outbuilding shall be placed or erected upon any Lot; provided, however, that during the actual, continuous construction, alteration, repair or remodeling of any Improvements, necessary temporary structures for storage of materials may be erected and maintained by the Person doing such work. A "permanent" storage shed with size, location, color, etc. approved by the DRC would not be restricted in the same manner as structures noted above. No camper, tent, trailer, motorhome, mobile home or other temporary or "permanent" shed structure shall be used as a Residence or other living quarters within the Property.

7.11 Restrictions on Signs. Except as expressly permitted by Applicable Law, no signs or flags shall be displayed to the public view on any Lot without the prior written approval of the DRC, with the following exceptions: (a) the Declarant may erect and maintain a sign or signs in connection with the construction, development, operation, promotion and sale of the Lots; (b) the patriotic display of a single flag not exceeding 4' x 6' in size shall be permitted (c) signs of customary dimensions, not exceeding 3' x 4' in size, advertising a Lot or portion thereof as "For Sale" or "For Rent"; provided, however, that any "For Sale" or "For Rent" sign must comply with the Guidelines. Notwithstanding anything herein contained to the contrary, any and all signs, if

allowed, shall comply with all sign standards of the applicable governmental authorities which may be applicable to the Property, as well as the Restrictions.

7.12 Restrictions on Antennas, Pipes, Utility Lines and Transmitters. Pipes for water, gas, sewer, drainage, or other purposes for a Lot, and wires, poles, aerials, antennae, satellite dishes, and other facilities for the Telecommunication Facilities or electricity, and utility meters or other utility facilities for a site shall be kept and maintained, to the extent possible, underground or within an enclosed structure. Any Telecommunication Facility for the transmission or reception of audio, data or video signals (except those located entirely inside a structure or as otherwise provided in this Section) shall first be approved by the DRC. The Declarant intends for all low voltage utilities to be located along the rear property lines of each block.

"Permitted Antennas" are defined as (a) an antenna which is less than one meter in diameter and is used to receive direct broadcast satellite service, including direct-to-home satellite services, or is used to receive or transmit fixed wireless signals via satellite; (b) an antenna which is less than one meter in diameter and is used to receive video programming services via multipoint distribution services, including multichannel multipoint distribution services, instruction television fixed services, and local multipoint distribution services or is used to receive or transmit fixed wireless signals other than via satellite; (c) an antenna which is designed to receive broadcast television broadcast signals; or (d) other antennas which are expressly permitted under applicable federal statutes or regulations. In the event a Permitted Antenna is no longer expressly permitted under applicable federal statutes or regulations, such antenna will no longer be a Permitted Antenna for purposes of this Section.

Permitted Antennas may be installed without DRC approval but shall be installed in the least conspicuous location available on a Lot which permits acceptable signals, without unreasonable delay or increase in the cost of installation, maintenance or use of the Permitted Antenna. The Guidelines or the Rules and Regulations may contain provisions regarding location and installation of Permitted Antennas, subject to limitations of applicable federal law.

7.13 Restrictions on Storage Tanks. No tanks for the storage of gas, fuel, oil, or other materials shall be erected, placed, or permitted above or below the surface of any Lot (other than reasonably sized propane tanks intended for use with gas grills, but only if and as specifically allowed in the Rules and Regulations).

7.14 Restrictions on Sewage Disposal Systems. No cesspool, septic tank or other sewage disposal system shall be installed on a Lot without the prior written consent of the DRC, except a central sewage disposal system installed and maintained by a water and sanitation district or other sanitation agency providing sewage disposal services to a significant portion of the Property. Any sewage disposal system shall be subject to all Applicable Laws and the Rules and Regulations of the Metropolitan District.

7.15 Restrictions on Water Systems. No individual water supply or water softener system shall be installed or maintained unless such system is approved in writing by the DRC, and is constructed, designed, equipped, and located in accordance with all Applicable Laws and the recommendations, requirements, and standards of the County and the Metropolitan District.

7.16 Restrictions on Cooling and Heating Systems. No types of refrigerating, cooling or heating apparatus shall be permitted on the roof or in any window of any Residence unless such system is approved in writing by the DRC. Further, no such apparatus shall be permitted elsewhere on a Lot except when appropriately screened and approved by the DRC. Without limiting the foregoing, conventional air conditioning units located on the ground of a Lot are permissible when approved in accordance with the preceding sentence.

7.17 Insurance Risks. No Lot may be used for any use which would constitute an unusual fire hazard, would result in jeopardizing any insurance maintained on other Residential. Sites within or on any other portion of the Property or would result in any increase in the premium for any such insurance; provided, however, that the DRC may approve the use if adequate safeguards are undertaken at the applicable Owner's expense and any increase in insurance premiums is allocated to, and paid by, the applicable Owner. This Section 7.17 shall not be construed as prohibiting the normal use of barbecue grills on outdoor terraces or patios, subject to reasonable regulation by the District pursuant to the Rules and Regulations.

7.18 Hazardous Activities; Fires. No activities shall be conducted which are or might be unsafe or hazardous to any Person or property. Without limiting the generality of, the foregoing, no firearms shall be discharged, no exploding fireworks shall be set off and no open fires shall be lighted or permitted except in a contained barbecue unit, indoor or outdoor fireplace or fire pit which is attended. Trash, leaves, and other similar materials shall not be burned.

7.19 Mining or Drilling. No Lot within the Property shall be used for the purpose of mining, quarrying, drilling, boring, or exploring for or removing oil, gas, or other hydrocarbons, minerals, rocks, stones, gravel or earth.

7.20 Storage of Explosives, Gasoline, and Similar Substances. No hazardous materials or chemicals may be located, kept or stored in, on or at any Lot except in products normally kept at homes for use of the residents or occupants thereof and in such limited quantities so as not to constitute a hazard or danger to person or property.

7.21 Restriction on Further Subdivision. No Lot shall be further subdivided or separated into smaller Lots by any Owner unless such subdivision is consistent with the Mayberry Documents, and no portion consisting of less than all of any such Lot, nor any easement or other interest herein, shall be conveyed or transferred by an Owner, provided that this shall not prohibit deeds of correction, deeds to resolve boundary line disputes, and similar non-material corrective instruments.

7.22 Leases. The Owner of a Lot shall have the right to lease such Owner's Residence, subject to the following conditions:

(a) All leases and any subleases thereunder shall all be in writing and shall each be for a term of not less than six (6) months, unless otherwise excepted by the District upon application by a Lot Owner.

(b) The lease and each tenant and his, her or their family members (collectively, "tenant") occupying the Residence shall be specifically subject to this Declaration. Any failure of a tenant to comply with such documents shall be a default under the lease.

7.23 Rules and Regulations. Rules and Regulations concerning and governing the use of the Property, or any portion thereof, may be adopted, amended or repealed from time to time by the Metropolitan District. Such Rules and Regulations may address matters not appearing in this Declaration as well as matters appearing in this Declaration, provided that the Rules and Regulations shall not contradict the provisions of this Declaration. The District may establish and enforce penalties for the infraction of such Rules and Regulations including, without limitation, the levying and collecting of Fines.

ARTICLE 8 DRAINAGE AND SOILS CONDITIONS

8.1 Acknowledgment. The soils within Colorado consist of both expansive soils and low-density soils which may adversely affect the integrity of a Residence or other Improvement (residential, commercial or industrial) if the Residence, the other Improvement and the Lot on which they are constructed are not properly maintained. Expansive soils contain clay minerals which have the characteristic of changing volume with the addition or subtraction of moisture, thereby resulting in swelling and/or shrinking soils. The addition of moisture to low-density soils causes a realignment of soil grains, thereby resulting in consolidation and/or collapse of the soils.

8.2 Disclaimer. The Released Parties shall not be liable for any loss or damage to any Residence or other Improvement (residential, commercial or industrial) or to any Person, caused by, resulting from, or in any way connected with soil conditions on any Lot, including, by example and not limitation, expansive soils. Owners should carefully consider the risk of planting any vegetation within five (5) feet of the Residences or other Improvement, as watering of this vegetation could result in loss or damage to a Residence or other Improvement due to expansive or low-density soil.

8.3 Moisture. Each Owner of a Lot shall use his or her best efforts to assure that the moisture content of those soils supporting the foundation and the concrete slabs forming a part of the Residence or other Improvements constructed thereon remain stable and shall not introduce excessive water into the soils surrounding the Residence and other Improvements.

8.4 Grading. Each Owner of a Lot shall maintain and shall not disturb the elevation, grading, and drainage patterns of the Lot as originally constructed by Declarant or Builder.

8.5 Water Flow. The Owner of a Lot shall not impede or hinder in any way the water falling on or passing through the Lot from reaching the drainage courses established for the Lot and the Property.

8.6 Actions by Owners. By accepting title to a Lot, each Owner covenants and agrees:

(a) Not to install any Improvements which will change the grading of the Lot without first obtaining DRC approval.

(b) To fill with additional soil any back-filled areas adjacent to the foundation of a Residence or any other Improvement and in or about the utility trenches on the Lot in which settling occurs to the extent necessary from time to time to maintain the grading and drainage patterns of the Lot.

(c) Not to water the lawn or other landscaping on the Lot excessively.

(d) Not to plant turf grass, flower beds (especially annuals) or vegetable gardens adjacent to or within five (5) feet of the foundation and slabs of a Residence or any other structure.

(e) To minimize the installation of piping and heads for sprinkler systems within five (5) feet of foundation walls and slabs. Sprinkler systems shall be subject to DRC review and may be located or limited in the discretion of the DRC.

(g) Not to install a moisture barrier (such as polyethylene) under gravel.

(h) To maintain all gutters and downspouts which discharge water into extensions or splash blocks by assuring that (i) the gutters and downspouts remain in the down position and are free and clear of all obstructions and debris; (ii) the water flow from the extension or the splash block is allowed to flow rapidly away from the foundation and/or slabs; and (iii) that splash blocks are maintained under outdoor faucets.

Each Owner is responsible to conduct such Owner's own investigation and consult with such experts as such Owner deems appropriate with respect to the presence or absence of radon gas or naturally occurring radioactive materials in the soil on that Owner's Lot. Furthermore, each Owner shall be solely responsible for the mitigation of any radon gas or naturally occurring radioactive materials on such Owner's Lot. The Released Parties shall not be liable for the existence of radon gas or naturally occurring radioactive materials in any Residence or other Improvement, or elsewhere on the Property, for any loss or damage to any Residence or other Improvement on the Property, or for any injury to any Person caused by, or resulting from, or in any way connected with the existence of radon gas or naturally occurring radioactive materials on the Property.

Such instrument shall be executed by the Declarant and the transferee.

ARTICLE 10 RESERVATION OF DEVELOPMENT RIGHTS

10.1 Development Rights. During the Development Period, the Declarant reserves the following rights (the "**Development Rights**");

(a) Expansion Rights. The Declarant reserves the right (but is not required) to subject additional real property to the terms, conditions, and restrictions of this Declaration in accordance with Article 2 above. Furthermore, the Declarant reserves the right to subject all or any portion of any such additional real property to such other covenants, conditions and restrictions as the Declarant deems appropriate by Recording a Supplemental Declaration with respect thereto; provided, however, that no such other covenants, conditions and restrictions may amend or be in conflict with this Declaration, unless approved as an amendment to this Declaration or, where approval is not required, executed by the Declarant in accordance with the provisions hereof. The consent of the existing Lot Owners shall not be required for the exercise of these rights, and the Declarant may proceed to exercise such rights without limitation, at its sole option,

(b) Exercise of Rights. The Declarant may exercise any Development Rights with respect to all or a portion of different parcels of real property at different times in whatever order and to whatever extent the Declarant, in its sole discretion, may determine.

10.2 Interpretation. Upon the Recording of a Supplemental Declaration, the real property subject thereto, or any part thereof as specifically stated therein, shall be added to and become a part of the Property for all purposes, or for such limited purpose as are set forth in the Supplemental Declaration, and, except as set forth in the Supplemental Declaration, the definitions in this Declaration shall automatically be extended to encompass and refer to all real property then comprising the Property. Reference to this Declaration in any instrument shall be deemed to include all supplements and amendments to this Declaration without specific reference thereto.

10.3 Utilities Easement. The Declarant hereby reserves for itself and for the District a blanket easement upon, across, over and under the Property, specifically including the Lots, for Utilities and the installation, use, replacement, repair and maintenance of Utilities, including, but not limited to, water, sewer, gas, telephone, electricity, renewable energy/energy efficiency, computer cable, and master television antenna or cable or satellite television systems, if any. By

virtue of this blanket easement, it shall be expressly permissible to erect, use and maintain the necessary facilities, equipment and appurtenances on the Property, specifically including the Lots, and to affix, use, repair and maintain water and sewer pipes, gas, electric, telephone, renewable energy/energy efficiency, computer and television wires, cables, circuits, conduits and meters. In the event any utility or quasi-utility company furnishing a service covered by the general easement created herein requests a specific easement by separate recordable document, the Declarant reserves and is hereby given the absolute right and authority to grant such easement upon, across, over or under any part or all of the Property, specifically including the Lots, provided, however, that such right and authority of the Declarant shall automatically cease at such time as the Special Declarant Rights terminate as provided in Article 9 of this Declaration, at which time such reserved rights shall vest in the Metropolitan District. The easement provided for in this Section 10.3 shall in no way void, extinguish or modify any other Recorded easement(s) on the Property, specifically including the Lots.

10.4 Drainage Easement. The Declarant hereby reserves to itself and to the District easements for drainage or drainage facilities across the rear and side feet of each Lot as defined in the Final Plat(s) and, if necessary, an easement across each Lot in order for Declarant to access such drainage easement areas; provided, however, that such easement shall not be reserved over any of the areas described in this sentence if and to the extent a Residence is located upon any such areas, which was previously approved by the Declarant or by the DRC. Except for Residences as provided in the preceding sentence, no Improvements shall be placed or permitted to remain on any Lot, nor shall any change in grading be permitted to exist which may change the direction of flow or obstruct or retard the flow of water through channels or swales within such rear and side yard drainage easements. The Declarant reserves to itself and to the Metropolitan District the right to enter in and upon each ten (10) foot rear and side yard drainage easement at any time to construct, repair, replace or change drainage structures or to perform such grading, draining or corrective work as the Declarant or the District may deem necessary or desirable in their sole discretion from time to time; provided, however, that such right and authority in the Declarant shall automatically cease at such time as the Special Declarant Rights terminate as provided in Article 9 of this Declaration, at which time such reserved right shall vest solely in the Metropolitan District.

10.5 Transfer of Development Rights. Any right created or reserved under this Article 10 for the benefit of the Declarant may be transferred to any Person by Recording an instrument in the Records specifically describing the rights transferred. Such instrument shall be executed by the transferor, the Declarant and the transferee.

ARTICLE 11 PARTY WALLS

11.1 General Rules of Law to Apply. Each wall which is built as a part of the original construction of the Residences and placed on the boundary line separating adjacent Lots shall constitute a "Party Wall" and, to the extent not inconsistent with the provisions of this Article 11, the general rules of Applicable Laws regarding Party Walls and of liability for property damage due to negligence or willful acts or omissions shall apply thereto.

11.2 Sharing of Repair and Maintenance. The cost of reasonable repair and maintenance of a Party Wall shall be shared equally by the Owners of the Lots divided by the Party Wall, however each Owner is responsible for painting and repainting the side of any Party Wall facing such Owner's Lot.

11.3 Destruction by Fire or Other Casualty. If a Party Wall is destroyed or damaged by fire or other casualty, any Owner whose Lot abuts the Party Wall may restore it, and the Owner of the other Lot(s) abutting the Party Wall shall contribute equally to the cost of restoration thereof, subject, however, to the right of any such Owners to call for a larger contribution from the other Owners under any rule of Applicable Law regarding liability for negligent or willful acts or omissions.

11.4 Damage and Repair. Notwithstanding any other provision of this Article 11, an Owner who by his, her or its negligence or willful acts causes a Party Wall to be damaged shall bear the entire cost of repairing such damage. Within ten (10) days after the occurrence of such damage, the Owner causing such damage shall commence to repair or reconstruct the damaged Party Wall to its original condition and shall diligently complete all such repairs and reconstruction. If such Owner shall fail to do so, then the Owner of the Lot abutting such Party Wall may do so at the sole cost and expense of the Owner causing such damage.

11.5 Right to Contribution Runs with Lot. The right of any Lot Owner to contribution from any other Owner under this Article 11 shall be appurtenant to the Lot and shall pass to such Owner's successors in title.

11.6 Arbitration. In the event of a dispute arising concerning the provisions of this Article 11, the parties shall resolve such dispute in accordance with the terms of Section 14.12.

ARTICLE 12 EASEMENTS AND DISCLOSURES

12.1 Easements. In addition to any other easements which may be granted or reserved elsewhere in this Declaration, this Article 12 describes (a) certain disclosures regarding the Property, (b) additional easements (the "Easements") that are declared, established, granted, and reserved hereby as more particularly set forth in Sections 12.2 through 12.5 hereof, and (c) the limitations on the Easements (Section 12.6 hereof).

12.2 Easements for Access. The Declarant hereby declares, establishes, grants, and reserves Easements over each Lot in favor of the Declarant, the Metropolitan District, the DRC, and the CEC, if any, including their respective agents, contractors, and employees thereof, for performing inspections, maintenance, repair, replacement, or other services, obligations, or authority as provided in this Declaration. If damage is inflicted on a Lot or any other property, then (a) the Owner or Owners responsible for such damage will be responsible for the cost and expense of repairing or avoiding such damage, and (b) the District may, at its option, take steps necessary

to avoid or mitigate damage and, the cost and expense incurred by the District of avoiding or repairing such damage shall be the personal obligation of the Owner responsible for such damage, and shall be part of the Metropolitan District's lien as described in Section 6.5(c)(v), and shall be collectible by the District in the same manner as other fees authorized to be charged and collected by the District pursuant to Applicable Law.. Further, the rights to access Easements granted in this Section may be exercised only during reasonable hours after reasonable notice to the Owner or Owners or occupant or occupants of any affected Lot; provided, however, that no such notice shall be required in connection with any exterior, non-intrusive maintenance and in emergency situations entry upon a Lot may be made at any time, provided that the Owner or Owners or occupant or occupants of each affected Lot shall be warned of impending emergency entry as early as is reasonably possible. The interior of any Residence located on a Lot shall not be subject to the Easements provided for in this Section.

12.3 Retention Ponds and Detention Ponds. In furtherance of developing the Property, retention ponds and/or detention ponds may be constructed on property within or adjacent to the Property to hold and release storm water in accordance with storm water drainage plan(s) that have been or will be approved by the County. With the presence of retention pond(s) or detention pond(s), there may be surface water that accumulates within the area of such ponds, and there may be periods of time when the area immediately surrounding a retention pond or detention pond is subject to flooding. Additionally, there are certain risks and dangers of physical injury and property damage inherent in the physical configuration of a retention pond and a detention pond, and the location of such a pond relative to the Property. Neither the District nor the Declarant, nor their officers, directors, or shareholders, shall be liable for any injury, loss or damage arising from such flooding or otherwise arising from the proximity of any retention ponds or detention ponds to the Property.

12.4 Easements and Disclosures Regarding Community Space. The following disclosures are made, and easements established with respect to the Community Space:

(a) Easement for Operation of Community Space. The Declarant hereby declares, establishes, grants, and reserves to itself, to the County, to the Metropolitan District, and to any Neighborhood Association, to the extent the same is allocated the responsibility of operating any Community Space, and to their respective assigns, concessionaires, licensees, and representatives, a nonexclusive, blanket Easement over the Property for the purpose of permitting (i) the performance of every act necessary and proper for the operation and use of the Community Space, (ii) the effect on such Lot of one or more of the risks disclosed hereby as one of the Community Space Risks, (iii) light, noise, and sound emanating from the operation and use of the Community Space for their intended uses and purposes, and (iv) overspray in connection with the watering or fertilizing of the Community Space.

(b) Proximity to the Community Space; Acceptance and Acknowledgment of Risks. Portions of the Property adjoin, are adjacent to, border, or are otherwise in the vicinity of the Community Space(s) and are subject to the Community Space Risks. Each Owner and each family member, guest, invitee or tenant of an Owner, by acceptance of a deed to a Lot, or through

the use or occupancy of a Residence or other Improvement within the Property, as applicable, is hereby deemed to have assumed and agreed to accept the Community Space Risks.

(c) Release by Owner of Claims Relating to Risks. Each Owner agrees that, by acceptance of a deed to a Lot within the Property, and each family member, guest, invitee, permittee, or tenant of an Owner, by use or occupancy of a Residence or other Improvement within the Property, hereby (i) forever discharges and releases the Released Parties and any Neighborhood Association, any party operating any Community Space, as a concessionaire or otherwise, and their respective parents, subsidiaries, and affiliated entities and their agents, directors, employees, members, managers, officers, partners, and shareholders, and their respective heirs, successors, and assigns (the "**Benefited Parties**") from all Claims (as that term is hereinafter defined) and (i) waives all Claims against the Benefited Parties. The foregoing discharge, release, and waiver are made by each Owner and each family member, guest, invitee or tenant of an Owner to the fullest extent permitted by Applicable Law and for and on behalf of itself, its assigns, executors, heirs, guests, invitees, lessees, personal representatives, representatives, and successors, and for any person using or occupying any Residence or other Improvement within the Property, through, under, or with the permission of each Owner and each family member, guest, invitee or tenant of an Owner. As used in this Section 12.4(c) and in Section 12.4(d) hereof, the term "Claims" means any and all causes of action, claims, costs, damages, expenses, liabilities, and other claims arising directly or indirectly from or otherwise in connection with any Community Space and the Community Space Risks, whether caused by the negligent conduct of the Benefited Parties (including, without limitation, the negligent design, development, construction, operation, or use of the Community Space).

(d) Covenant Not to Sue. Each Owner, by acceptance of a Lot, and each family member, guest, invitee or tenant of an Owner, by the use or occupancy of a Residence or other Improvement within the Property, hereby further agrees that it will not assert, institute, maintain, or prosecute any Proceeding (as that term is hereinafter defined) against the Benefited Parties, or any of them, for or on account of any claim. As used herein, the term "**Proceeding**" means any action, civil action, suit at law, claim in equity, arbitration, or other proceeding against the Benefited Parties or any of them.

12.5 Limitations on Easements. Notwithstanding anything to the contrary contained herein, the Easements (a) shall in no way affect, avoid, extinguish, or modify any other Recorded covenants, easements, limitations, reservations, or restrictions affecting all or part of the Property, (b) may be amended, limited, modified, restricted, or terminated by the Declarant by means of a Recorded instrument, and (c) shall not be interpreted or construed as preventing or precluding the construction, operation, and use of any structure or use on any Lot which is otherwise permitted by the terms of this Declaration or which is otherwise approved by the Declarant or the Metropolitan District.

12.6 Delegation and Termination of Rights. The duties, Easements, responsibilities, and rights that are reserved and granted pursuant to Sections 12.2 through 12.5 hereof may be delegated in whole or in part by the Declarant or the District to (a) an agent or management company that is acting on behalf of the District with respect to all or part of the Property, or (b) a

Neighborhood Association with respect to a portion of the Property; provided, however, that any such delegation shall not relieve the District of its obligations and rights hereunder. The right and authority of the Declarant pursuant to Sections 12.2, 12.3, 12.5, and 12.7 hereof shall automatically cease upon expiration of the Development Period at which time the foregoing reserved rights shall vest solely in the Metropolitan District.

12.7 Recorded Easements. In addition to all easements and rights-of-way of Record at or before Recordation of this Declaration, the Property, and all portions thereof, shall be subject to the Easements shown on any Plat of the Property.

12.8 Acknowledgment of Inconvenience. Each of the Lot Owners have acknowledged and agreed that there are inconveniences which will accompany the construction of this Property, including but not limited to construction noise, portable toilets, construction traffic, uncompleted buildings, areas not landscaped, potholes and construction supplies stored in plain view, and general inconvenience associated with construction sites and related issues. Each Lot Owner, by taking title to any Lot, shall be deemed to have waived any claims associated with the inconveniences, nuisance and hazards associated with such construction.

ARTICLE 13 EXEMPTION FOR THE DECLARANT AND BUILDER

13.1 Exemption. Notwithstanding anything in this Declaration to the contrary, neither the Declarant nor any of the Declarant's activities shall in any way be subject to the control of, or under the jurisdiction of the Metropolitan District, the DRC, or the CEC, if any (including any Design Guidelines, Rules and Regulations), nor shall the Declarant be required to seek the approval or consent of the Metropolitan District, the DRC or the CEC, if any, for any construction or other work to be performed by or on behalf of the Declarant in the Property. The Declarant, in its sole discretion, may also exempt any Builder from the provisions of (a) Article 5, as long as Builder has received written design approval under the Guidelines from the Declarant, and (b) Article 7, for activities which the Declarant deems to be incidental to the Builder's development activities, in the Declarant's sole and absolute discretion. This exemption shall terminate upon expiration of the Development Period.

ARTICLE 14 MISCELLANEOUS PROVISIONS

14.1 Neighborhood Associations. Nothing in this Declaration shall prohibit the organization or creation of any Neighborhood Association in accordance with Applicable Laws in which the membership is comprised of Owners of Lots within all or part of an area covered by a Supplemental Declaration. Such Neighborhood Associations may have the right to impose assessments, own common area, and/or perform all duties typically allocated to an association under the Colorado Common Interest Ownership Act, or otherwise, subject to the Restrictions and provided any such assessments are subordinate to any assessments levied pursuant to this Declaration.

14.2 Severability. All provisions of this Declaration are severable. If any provision or term of this Declaration is invalidated by judgment, court order, or otherwise, such invalidity shall in no way affect or limit any other provisions of this Declaration, which shall remain in full force and effect.

14.3 Duration. The covenants, conditions and restrictions contained in this Declaration shall be covenants running with and binding upon the Property and all Improvements, and, except as otherwise specifically set forth in a Supplemental Declaration pursuant to Section 2.4, the benefits, burdens and all other provisions contained in this Declaration shall be binding upon, and inure to the benefit of, the District, each Owner, and each Builder, and upon and to their respective legal representatives, heirs, successors and assigns, and shall be in effect in perpetuity unless amended or terminated as provided in this Declaration.

Except as otherwise provided in this Declaration, this Declaration may be amended by (a) either modifying or deleting any existing provisions, or (b) adding new provisions) or terminated at any time by a written and recorded instrument containing the consents of the then record Owners of at least sixty-seven percent (67%) of the Lots subject to this Declaration (with each Lot having one "vote"); provided, however, that at any time that the Declarant owns a Lot or any other real property subject to this Declaration, any amendment to this Declaration shall be strictly conditioned on the Declarant's written consent. No action to challenge the validity of this Declaration may be brought more than one year after the recording of this Declaration. Further, no action to challenge the validity of any amendment to this Declaration may be brought more than one year after the recording of such amendment.

14.5 Waiver. No provision in this Declaration is or shall be deemed waived by reason of any failure to enforce the provision, regardless of the number of Violations or breaches which may occur.

14.6 Disclaimer Regarding Safety. THE DECLARANT, THE DISTRICT, THE DRC, THE CEC, IF ANY, AND THEIR OFFICERS, DIRECTORS, MANAGERS, MEMBERS, PARTNERS, AGENTS AND EMPLOYEES, HEREBY DISCLAIM ANY OBLIGATION REGARDING THE SECURITY OF ANY PERSONS OR PROPERTY WITHIN THE PROPERTY. BY ACCEPTING A DEED TO PROPERTY WITHIN THE PROPERTY, EACH OWNER ACKNOWLEDGES THAT THE DECLARANT, THE METROPOLITAN DISTRICT, THE DRC, THE CEC, IF ANY, AND THEIR OFFICERS, DIRECTORS, MANAGERS, MEMBERS, PARTNERS, AGENTS AND EMPLOYEES, ARE ONLY OBLIGATED TO DO THOSE ACTS SPECIFICALLY ENUMERATED IN THE RESTRICTIONS AND ARE NOT OBLIGATED TO DO ANY OTHER ACTS WITH RESPECT TO THE SAFETY OR PROTECTION OF PERSONS OR PROPERTY WITHIN THE PROPERTY,

14.7 No Representations. Guaranties or Warranties. portion of the Property, or any Improvement, its physical condition, structural integrity, freedom from defects, zoning, compliance with Applicable Laws, fitness for intended use, or view, or in connection with the subdivision, sale, operation, maintenance, cost of maintenance, taxes or regulation thereof, or any other matter whatsoever whether similar or dissimilar to the foregoing, unless and except as specifically set forth in writing. The release and waiver set forth in Section 14.9 shall apply to this Section.

14.8 Waiver; Release. By acceptance of a deed to a Lot, each Owner hereby releases, waives and discharges the Declarant, and the Metropolitan District, the DRC, the CEC, if any, and their respective officers, directors, managers, members, partners, agents, employees, successors and assigns from all losses, claims, liabilities, costs, expenses and damages arising directly or indirectly from any hazards, disclosures or risks set forth in this Declaration.

The arbitrator's award shall be entered as a final, unappealable judgment in the appropriate court in the county in which the Property is located. In the event of any inconsistency between such rules and the provisions of this Section 14.9, these provisions shall supersede such rules. All statutes of limitation that would otherwise be applicable shall apply to any arbitration proceedings under this Section. The parties shall be entitled to conduct discovery as if the Dispute were pending in a District Court in the State of Colorado. In any arbitration proceeding subject to these provisions, the arbitrator is specifically empowered to allow discovery and decide pre-hearing motions that are substantially similar to pre-hearing motions to dismiss and motions for summary adjudication. Judgment upon the award rendered may be entered in any court having jurisdiction. Any arbitrator selected under this Section shall be knowledgeable in the area of the subject matter of the Dispute and shall be selected by the parties to the Dispute, any court in which the Property is located or any private organization providing such services. In the event the parties to the Dispute cannot agree upon an arbitrator, they shall apply to the Chief Judge of the District Court where the Property is located for appointment of a qualified arbitrator.

The arbitrator's decision shall contain findings of fact and conclusions of law to the extent applicable, and the arbitrator shall have the authority to rule on all post-hearing motions in the same manner as a trial judge. The statement of decision of the arbitrator upon all of the issues considered by the arbitrator is final and binding upon the parties, and upon filing of a statement of decision with the clerk of the court, or with the judge where there is no clerk, judgment may be entered thereon.
